Johnson To Teach

HOUSTON, Oct. 28 (UPI) — President Johnson will teach a series of seminars at Rice University next spring on topics to be announced later, Dr. Joseph Cooper, chairman of the University's Political Science Department, said today.

Dr. Cooper said Mr. Johnson, in accepting the invitation, said, "At this time it is difficult to arrange a schedule and to decide on the format of my visits with you. Rest assured, however, that I gladly accept your invitation."
